SMALL BUSINESS

Dear Friends,

It is with great pride that I use this occasion to recognize the work of the Lower Corentyne Government Secondary School Alumni Association. Your mission to assist students from poverty stricken families to reach their educational goals at High School in Guyana is truly commendable.

Already the LCGSSAA has been hugely successful in uniting former graduates from the school to address the very real and numerous needs of students who struggle with life's challenges while pursuing their educational dreams. Your organization understands the importance of these students completing their studies and the urgency to ensure that an appropriate educational setting be available to these children.

It is totally unacceptable for us to accept deplorable physical conditions of a deteriorating school building for our youth while expecting these same students to strive for success. Your organization understands this and does all that you can to supply the High School with important supplies and resources to create an environment where learning can flourish.

Again, I applaud all of you for the humanitarian efforts you make for those who need help most and I look forward to working with your organization and its leadership in the future.

Sincerely,

A handwritten signature in black ink that reads "David I. Weprin".
