St. Francis Community Developers,
Plot 'AA' J.C Chandisingh,
Portuguese Quarter,
Corentyne,
Port Mourant.

Refurbishing and Equipping of the Home Economics Laboratory- Lower Corentyne Secondary School.

Dear Sir/Madam,

Proposal

On behalf of Lower Corentyne Secondary School (Home Economists Department) the following proposed:

- 1. Construction of a Bedroom.
- 2. Furnishing of the bedroom.
- 3. Preparation and decoration of a living room.
- 4. Supplying materials/equipment/utensils for the labs.
- 5. Purchasing of Recipe Books and Text Books

Justification:

The Home Economics Laboratory is in dire need of urgent refurbishing. For the subject Home Economics to be taught to its fullest there are many practical aspects which help students to understand themselves, families, homes and community at large. As such, we are making this request in order to prepare the minds of these young people for good housekeeping, nutritional guidance and the world of work. If these needs are supplied it will enable us to motivate more students to register for the Home Economics discipline. These candidates, if given the experience using the various materials/equipment/utensils would make them more marketable as future chef, cooks, interior designers, event organizers, tailors, seamstresses and even teachers or better housewives and husbands.

Although we have a Home Economics Laboratory, it is not fully furnished. Hence, students would be asked to bring utensils/equipment from their home to facilitate practical work. This make many students refuse to enter for the subjects since they cannot afford to access the modernized equipment/utensils required by the practical component of the Home Economic disciplines.

This assistance would be a great boost not only to the Home Economics Laboratory but also to the students of Lower Corentyne Secondary and the community as a whole.

In conclusion, Home Economics is a lifelong skill and if we have a fully furnished and equipped Home Economics Department, the students will benefit and the community at large since members of the community can also undergo training at the facility.

- Estimate 1 - Construction of a bedroom
- Quotation 2 - Purchasing of a bed and suite
- Quotation 2 - Purchasing of kitchen utensils/appliances
- Quotation 3 - Purchasing of text books and recipe books

Construction of a Bed Room

Estimate

1. Wood/Materials

10 - 10ft 2 x 4

2 - 15ft 2 x 4

1000ft 1 x 4

10 - 15ft 1 x 4

1 - 15ft 1 x 4

16ft 1 x 4

\$80, 800.00

2. Nails

8lbs 2 inch	\$2,000.00
5lbs 2 ½ inch	\$1,000.00
3lbs 1 ½ inch	\$ 750.00
1 Door Lock	\$1,495.00
6 Door Hinges	<u>\$ 495.00</u>
	<u>\$ 5,740.00</u>

3. Transportation of wood/materials \$4, 500.00

4. Carpenters' fee \$60, 000.00

Total Cost of Construction \$151, 040.00

List of Materials/Utensils/Equipment needed.

<u>Name of Equipment</u>	<u>Amount</u>	<u>Cost</u>
1. Cake Mixers	1	\$14,995.00
